

Blog Blast

Hit over 1,500 blogs for reviews, tweets and likes.

Indie Pool has built a music blog database. Blast out your message and content to over 1,500 music blogs. Here are some details:

YOUR COMPOSITION

You compose the email. We may edit slightly to clean up if necessary, but it's your email going out.

PLAIN EMAILS, NO ATTACHMENTS

We send plain emails (not html) and we do not send attachments. You'll need links to your online content.

TEST EMAIL

We send you a test email and await your approval before blasting it out to the recipients.

KEEP US UPDATED

There will be some emails returned as bad addresses, we ask that you forward us those so we stay current.

YOU GET ALL REPLIES

The blast is sent by us, but with your reply address so you handle all activity and communications.

NO GUARANTEES

We offer absolutely no assurances that any recipient will blog, tweet or react in any way to your email blast.
